

Dashboard can include a custom message that appears on student's dashboard, includes an ad/promo area (for example, a banner that reads "Redeem your points at TerryTreble.com") and badges.

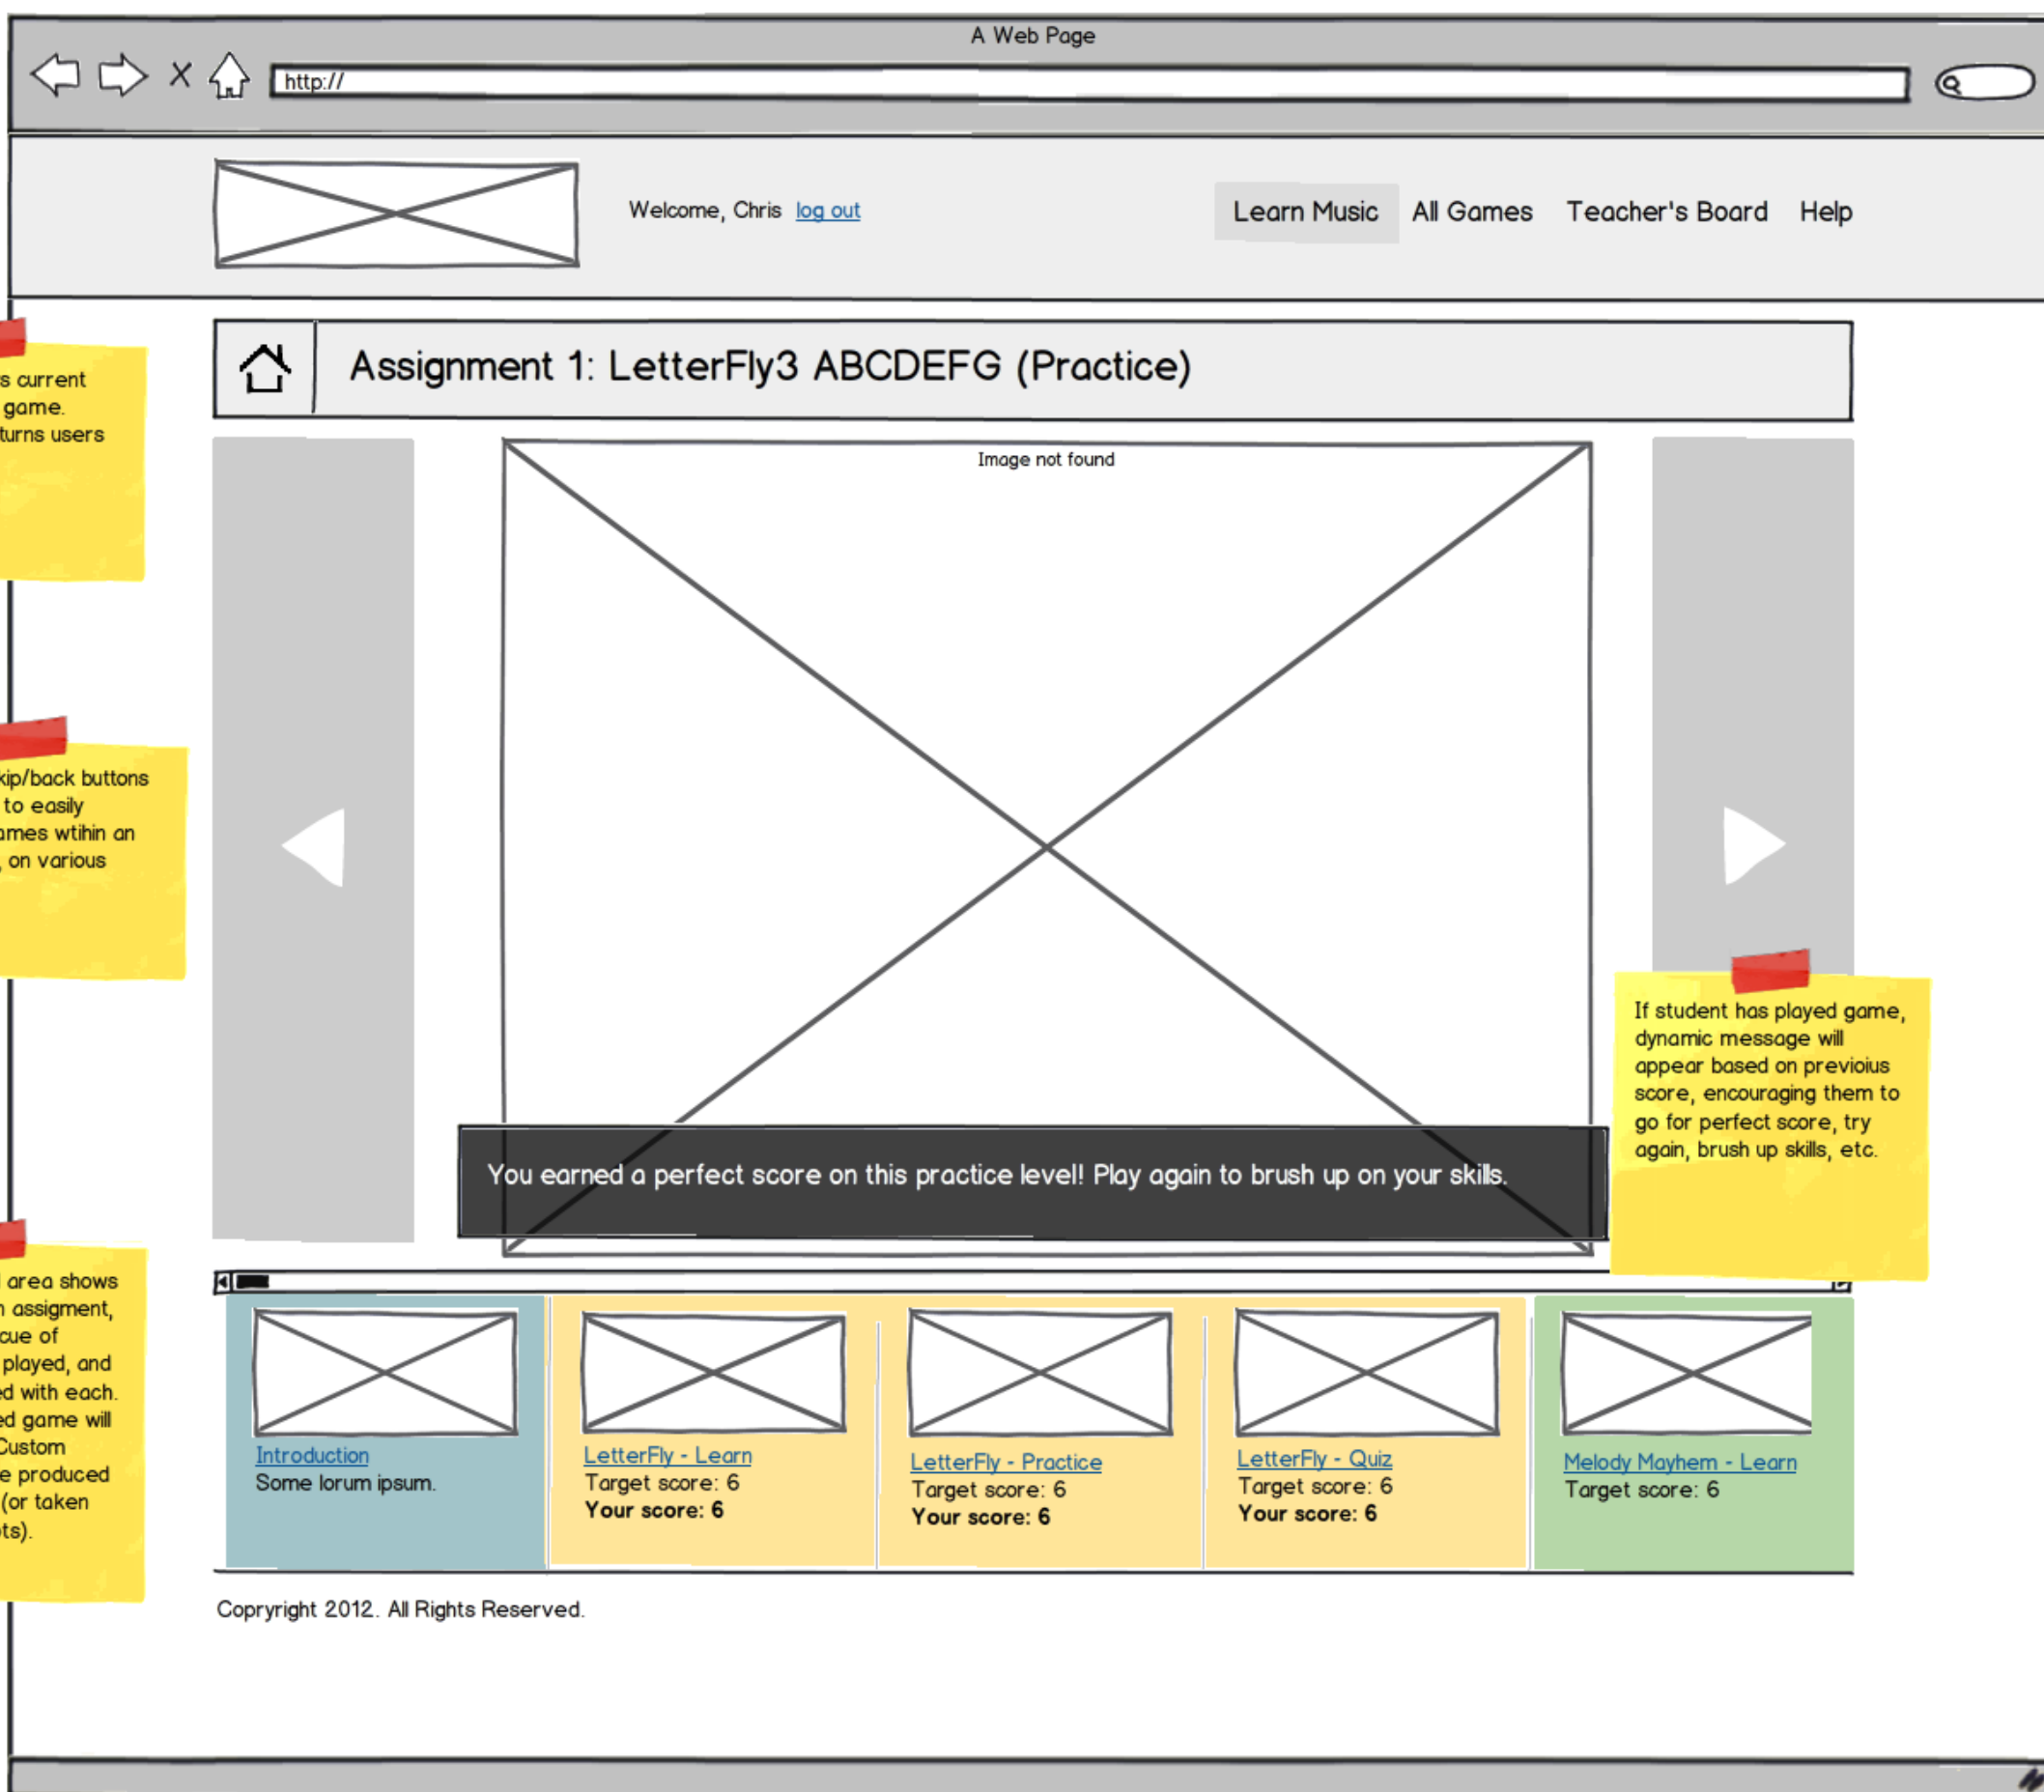

Badges are customized for each platform so are "relevant" for each system (general music, piano, singing, language, etc.) For example, badge may earn a badge for "Maestro".

- Assignments area shows progression of assignments.
- Progress box shows progress within each assignment
 - Ribbon shows completed assignments
 - Points earned within assignment
 - Book/pages assignment coincides with
 - Synopsis of lesson

Buttons display dynamic text according to status of assignment. So if student as completed assignment, will read "Return to this assignment").

Points area shows how many points student has accumulated out of possible points (encourages them to return to lesson and go for perfect score). Points go towards earned badges as well as rewards at TerryTreble.com

To encourage users to take assignments in a recommended sequence, future assignments are "greyed out" until previous assignment are completed.
